

Jessica's Story

"I went on Google and saw the Abortion Pill Rescue hotline and from there a spark of hope was within me and I could breathe again. I was now not in a rush to end things but a rush to see what I could do to save my baby. I got connected to a nurse at Soundview and was so excited when she did our sonogram because I saw the baby was still alive thank God! They explained this was not a guarantee but I had hope knowing there was a chance and that was enough for me."

This client has successfully continued in her pregnancy and the baby survived!

From The Director

Dear Friends of Soundview:

I can't tell you what a blessing it is to be serving the Lord here in this position! Over the last 10+ years I have had the privilege of watching this ministry grow from a tiny storefront with me being the only staff member and a handful of volunteers to becoming a flourishing medical pregnancy clinic with two locations, a vibrant medical team, compassionate social workers, faithful client advocates and a wellrounded team of professional staff and board members. God is doing a great work here and I want to personally thank each of you who have partnered with us to make this possible. Nothing gives me more joy than to see the look of love on a young woman's face when her baby, once considered a "mistake" or a "problem" has become the light of her life. The gift of hope we share with these women is nothing short of a miracle. Your commitment and sacrifice make this ministry possible. Never has our world needed to see God's love demonstrated more desperately than it does today. We have the opportunity to be the hands and feet of Jesus, helping those around us in very practical ways. Thank you for supporting us as we reach out with hope and love in the name of Jesus Christ!

In His Service,

Doreen

Doreen Jansson, Executive Director

Three Pillars of Soundview

EVANGELICAL

We believe that it is the heart of God to save unborn babies from the slaughter of abortion. Jesus said "The thief comes to steal, kill and destroy but I have come to give them life abundantly". John 10:10. This was Jesus' mission and it is our mission.

MEDICAL

We believe that providing professional medical care at no cost to our clients is a huge burden lifted off the shoulders of a woman who is already unsure of what her next steps should be. Our team of medical professionals serve each woman with dignity and respect.

EDUCATIONAL

We believe in equipping young women and men to become the best parents they can be. We have a full line of Nurse-led educational classes in addition to ongoing coaching for up to 2 years after their baby is born.
