

2022 Annual Impact Report
July 2021 - June 2022

Mission Statement

Our mission is to uphold the Sanctity of Life by providing medical, educational, practical, and spiritual support to women and men facing an unplanned pregnancy.

Vision Statement

Our vision is to promote a culture of life where abortion is unnecessary and unwanted.

How We Serve

- Pregnancy Testing
- Abortion Pill Reversal
- Medical and Social Work Consultations
- Ultrasounds
- Post Abortive Recovery (for women and men)
- Men's Discipleship Program
- Parenting Program
- Material Assistance
- Nurse-led Education

This Past Year...

- Assisted over 30 women in their Abortion Pill Reversal process
- Awarded Most Gospel Presentations in the country by Pre-born
- Completed our first adoption
- Coordinated 5 client baby showers
- Grew our team by 10 new volunteers & 6 new staff members
- Began medical team training to offer Telehealth services in 2023

Looking Forward to 2023...

- Opening of 3rd center in Riverhead, NY
- Launch of Soundview University to greater educate our clients, communities, and local churches. This will include expansion of our youth workshops and a brand-new Pro-Life kid's curriculum.
- Launch of Telehealth services
- Expansion of our men's programs
- 3D / 4D Ultrasound services in every center

Letter from our CEO

Dear Friends of Soundview,

On behalf of the Board of Directors and staff, I want to thank each and every one of you for making an investment in Soundview Pregnancy Services. We have had an extraordinary year navigating the events surrounding Roe v. Wade and have stood our ground amidst political, spiritual and cultural opposition to protect life. We are positioned to advance to greater heights in reaching more women vulnerable to abortion than ever with the upcoming launch of our new TeleCare Health Platform and the opening of our third center in Riverhead!

The role of Soundview is to reach women at risk for abortion with **real options** that will empower them to choose life. From professional medical care to social work consultations and ongoing emotional and spiritual support, every facet of what we do impacts a woman's pregnancy decision.

Your role is crucial in how effective we are. It is with **your** prayer, **your** financial sacrifices, and **your** volunteer support that we can wrap every woman and her baby with a full spectrum of services while supporting the father of the baby with our Men's Discipleship Programs. Your contribution not only saves a life, it saves a family!

Your investment in Soundview enables us to hire licensed medical and clinical professionals, support our new telemedicine platform, prescribe abortion pill reversal medication, and provide education to our clients, churches, and communities to build a culture of life for the next generation.

We have a huge mission in front of us, but God has equipped His people and we are **Advancing!** The battlefield may have changed, but the mission remains the same. Thank you for your partnership.

Sincerely,

Three Pillars of Ministry

Evangelical

We believe that it is the heart of God to save unborn babies from the slaughter of abortion. Jesus said "The thief comes to steal, kill, and destroy but I have come to give them life abundantly." John 10:10 This was Jesus' mission and it is our mission.

Medical

We believe that providing professional medical care at no cost to our clients is a huge burden lifted off the shoulders of a woman who is already unsure of what her next step should be. Our team of medical professionals serve each woman with dignity and respect.

Educational

We believe in equipping young women and men to become the best parents they can be. We have a full line of education including nurse-led classes, parenting coaching for up to two years after the baby is born, and programs for new fathers.

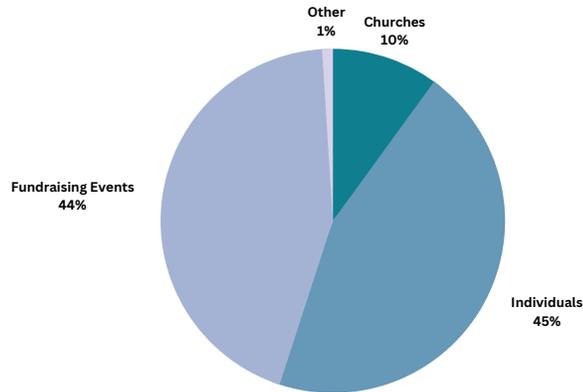

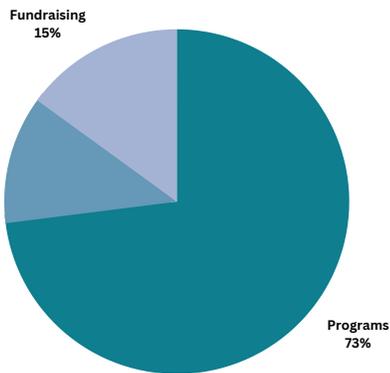

"Soundview has built a model ministry that needs to be copied around the country."
- Dr. William Lile, The Pro-Life Doc.

Financial Report

In The News.

Expenses: \$1,061,855

Revenue: \$1,256,219

1,040 items (Valued at \$10,483)

Gospel Presentations

236 times (Resulting in 94 professions of faith)

May 10, 2022

NYS Governor declared New York as a sanctuary state for abortion rights, signing nation leading legislation and investing **\$35 Million to abortion providers** in anticipation of new traveling consumers.

June 13, 2022

NYS Governor signed, the Pregnancy Center Report Bill (**Bill S.470-Hoylman/A.5499-Glick**) This bill would impose onerous and disruptive data collection and reporting requirements upon pro-life pregnancy centers to allow the state to 'study' them.

June 24, 2022

The Supreme Court overturned Roe v. Wade, giving back the authority to each state to determine their own abortion laws and restrictions. While many states have begun to protect the rights of the unborn, NYS abortion laws continue to support termination up to birth.

"Soundview is the ONLY Abortion Alternative Center to provide Medical, Evangelical, and Educational Services to women on Long Island. Through the generosity of our supporters, we have served our communities for over 30 years."

"I would not be where I am today without Soundview. They have transformed me from a lost soul to a confident mother. The staff has shown me love and support and made me stronger and more prepared; not only for motherhood but in my relationship as well."
- Soundview Client

"They showed me his heart beating and my tears just started running down my face and my heart melted for the little beautiful baby inside me that God told me needed to be protected by me. The ugly thought not to keep my baby and the despair had left me thanks to Soundview and the support they gave."

- Soundview Client

From the Frontlines

"She held the image against her chest and said 'I am keeping my baby'"

"It was a clinical day at Soundview and I was asked to help translate for a Spanish speaking client for the first time. During her medical Intake, Ana began to share her story. She was visibly upset with tears rolling down her face and said "I cannot keep this baby." She appeared to be carrying the weight of the world on her shoulders. Ana had found herself in an abusive relationship and now pregnant by her abuser. She thought that abortion was the only option she had. I asked her "Do you have faith? Would you like me to pray with you?" Ana stated "I don't feel worthy to ask God for anything." She was reminded that God loves her as she is, and He forgives us, and does not condemn us. Ana agreed to receive prayers and with tears filling her eyes, she expressed gratitude. After the medical consultation and sonogram, she was still undecided if abortion would be her decision...

but the Holy Spirit was still working. Ana asked about abortion procedures and was coached through each of her options and the risks of abortion. In addition, she was given educational materials to review further at home. As Ana held an educational booklet in one hand and ultrasound image on the other hand, the room was silent. Looking back and forth at the booklet and sonogram picture of her baby, she pondered as the Holy Spirit began to guide her. Suddenly, Ana took the booklet and tossed it flat on the desk. She proceeded to hold the ultrasound image and while staring at the picture she stroked it side to side with her fingers, as if touching her baby. She held the image against her chest and said, "I am keeping my baby." This was such an impressionable and emotional moment for both me and our director of medical services. Earlier that morning during corporate staff prayer, we asked God for "changed hearts" for our scheduled patients. I was so thankful that God delivered, and I felt it. He confirmed to me that He hears our fervent prayers. To God be the Glory!"

- Marilyn Dolce RN
East Meadow Nurse Manager

Partner with us.

- Volunteer
- Give monthly as a Life Impact Partner
- Host a client baby shower or baby bottle fundraiser
- Become a prayer partner
- Ask how you can share with your community
- Plan a legacy gift
- Purchase a gift from our client wishlist

For more information on involvement, please scan the QR code or call our centers.

Special Thanks

- ProSysCon for ongoing technical support.
- North Arrow Coffee Co. for their partnership.
- Our Board, Life Impact Partners (Monthly Donors), and Volunteers.
