

2024 Annual Impact Report

35 Years of Life-saving Ministry on Long Island

Legacy

The statistics shared in this impact report reflect data from July 2023- June 2024

Words from our CEO

Dear Friends of Soundview,

Your life is a legacy that you will leave behind someday. Your life story is your unique imprint on the people in and around your life. Relationships, values, choices, even words can direct the course of our legacy. It was once said that, “A legacy isn’t something you leave **with someone**. A legacy is something you leave **in someone**.”

This year, we celebrated 35 years of saving lives on Long Island and the impact of those lives saved will have a lasting impact for generations to come. YOU are a part of their story. We are so thankful that these babies now have a future because we were able to give women and men hope in their time of need.

After more than three decades of ministry, we look back with grateful hearts for the many who have put their hands to the plow and served, given and prayed for the work God is doing in and through Soundview. Now, we must look to the future and continue building a legacy of life that will shine light through the darkest of times and turn this culture of death into a culture of LIFE!

Thank you for being a part of this grand mission of saving lives for God’s glory. Jesus came and died for each and every one of us, born and unborn. This was His mission and this is our mission.

Together in His Service,

“Future generations will hear about the wonders of the Lord. His righteous acts will be told to those not yet born. They will hear about everything he has done.” - Psalms 22:30-31

Who We Are

Evangelical - We believe in the transformative power of the Gospel. As we serve, led by the love and grace of Jesus Christ, children are being rescued from abortion and lives are being saved.
John 10:10

Medical - We believe that providing professional medical care at no cost to our clients is a huge burden lifted off the shoulders of a woman who is already unsure of what her next step should be. Our on-site, independent medical professionals serve each woman with dignity and respect.

Educational - We believe in equipping young women and men to become the best parents they can be. We provide relevant education including nurse-led classes, parenting coaching for up to two years after the baby is born, and programs for new fathers, as well as workshops for students and young adults.

How We Serve

- Pregnancy Testing
- Abortion Pill Reversal
- Ultrasounds
- Medical and Social Work Consultations
- Nurse-led Education
- Post Abortive Recovery
- Men's Discipleship Program
- Parenting Programs
- Material Assistance
- Educational workshops for clients, churches, and our community.

(All medical services are provided by on-site, independent licensed professionals.)

“Thank you so much for allowing the love of God to shine through you and your organization. It’s honestly felt and I deeply appreciate it.”

“Everyone I met that day and continue to have discussion with literally saved me in more ways than can ever put into words. I felt Scared being an older woman, and although I feel scared I don’t feel alone. I just met everyone, and I feel like I’m loved and safe. For me to feel that way it’s rare.”

“The kindness, compassion and love was deeply felt in my soul. There is no doubt God’s work is being done at Soundview!”

Mission Statement

to uphold the sanctity of human life by providing medical, educational, practical, and spiritual support to women and men facing an unplanned pregnancy.

Vision Statement

to promote a culture of life where abortion is unnecessary and unwanted.

A Year of Miracles

"How do I even begin to express the amazing privilege of having a front row seat in watching God at work? How do I recount in a nutshell the numerous untold stories of changed lives over this past year? How do I begin to describe this sacred space of an ultrasound room?"

A Father's Heart Softened

When Elise came to our Centereach office with her boyfriend, Aaron, he thought he was bringing her to have an abortion. He was trying to convince her to end this pregnancy, then he would marry her 'without shame'. Elise's struggle was with her culture, her religion...how could it be shameful to be pregnant before marriage, but not shameful to end the life of a child? She wrestled with these thoughts for days prior, through a tearful phone call to us, wanting to have this baby without facing judgement. She wanted to be a mom. Aaron agreed to come in for the ultrasound. Elise was tearful as Aaron wore an angry and stoic countenance, but when he looked at the screen and saw his baby, he saw the heartbeat- and a visible change came over him. The palpable anger was gone. As Aaron studied the printed ultrasound picture in his hand, a quiet smile and a nod of the head agreeing that he was a father were seen. He had changed his mind.

A Safe Space

Gina had a negative pregnancy test result. However, the true reason God brought her to Soundview was quickly revealed. She was seeking a safe space...a listening ear. As Gina unpacked the trauma and abuse in her life, we shared tears. We shared hugs. We prayed. I shared with her about the God who dearly loves her. She met with a social worker where resources and hope were offered, and came face to face with truth, compassion, and her Savior. She chose Jesus! The healing begins.

'That's My Grandchild...'

It was by God's grace that Katherine was referred to Soundview by her high school teacher. She was young and scared. Katherine wasn't what we would consider 'abortion determined,' however, her mother was, on behalf of her

daughter. Full of anger and disappointment, her mom was clear, 'We are not doing this! You are not having a baby!' And then time stopped as she watched the ultrasound, the heartbeat of the precious life playing before her in real time. There was silence. Silent prayer. Watching the screen Katherine's mother somberly whispered, 'That's my grandchild'...the story changed. Hope began. Life was chosen.

A New Family Formed

Tanya came in one morning with abortion on her mind. She was in a long distance relationship with Wes, the father of the baby. During the ultrasound we discovered Tanya was much further along in pregnancy than she expected, well into the second trimester. She was wrestling with the stressful idea of single parenting, yet feeling like God protected this baby for a reason. Wes saw the picture of his baby. We discussed options together with Wes over ZOOM, giving he and Tanya time and space with the world shut out in this quiet peaceful spot—a holy hush. 'Baby, you know what we need to do,' he said. 'I know,' she replied. Both in tears, both sobbing, choosing to parent, making plans for her to move...seeing life and embracing it. A new life chosen. A new family formed. Jesus at work right before my eyes in this office.

Who but God knows the power of a moment, a chance to pause. The power of a listening ear. The power of a compassionate touch, a hug. The power of kindness in a cruel world. The power of time and space. The power of an ultrasound. The power of whispered prayers and audible ones too. The power of Hope offered. The power of Jesus to heal hearts and save lives.

How can we not praise Him for one incredible year? Surely, the presence of the Lord is in this place."

-Deedee Hamblen, RN Sonographer
Centereach Nurse Manager

Medical Services Provided	Abortion Pill Reversal Patients	Gospel Presentations	Worth of Materials Given

The statistics shown reflect services provided during our fiscal year, July 2023 -June 2024

2024 in Review

Lives Transformed

- 62% of all women served were at high risk for abortion, stating their initial pregnancy intentions were abortion or undecided, before experiencing our care.
- 20+ young women enrolled in our discipleship parenting program.
- We celebrated our 9th successful Abortion Pill Reversal birth
- 9 individuals received baby shower celebrations, each including \$500 - \$1000 worth of baby gifts and essentials.
- 17 women were counseled through reproductive loss care including abortion recovery and miscarriage care.

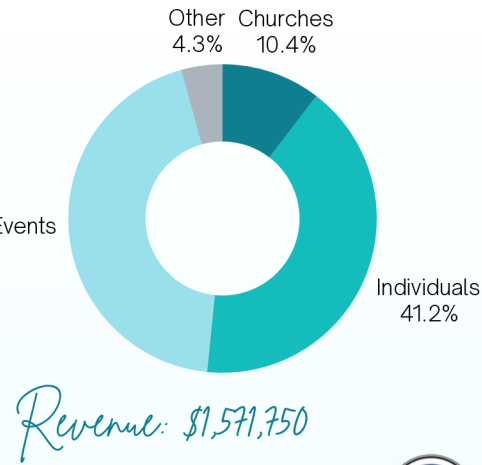

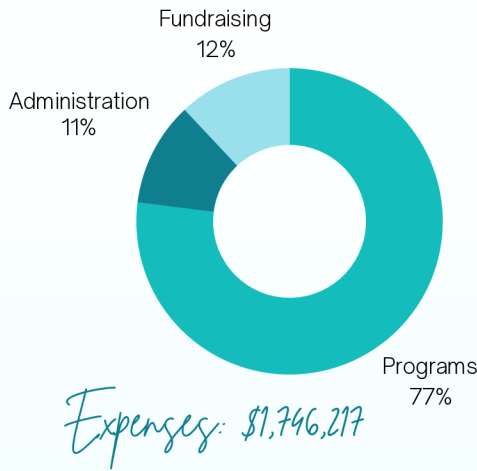

In the News

On Wednesday, April 24th, 2024, Soundview received an official notice of litigation from New York State Attorney General, Letitia James, for allegedly "misleading statements or omissions in the advertising of the Abortion Pill Reversal protocol." Although accusations were false, the letter we received did not come as a surprise to our team as we witness the extreme pro-abortion legislative actions of New York State and blatant disregard for the unborn. Represented pro bono by The Thomas More Society, a non-profit national public interest law firm defending life, family, and freedom, we responded confidently. On April 30, Thomas More Society attorneys filed a verified complaint in the Supreme Court of New York against James, outlining how her threatened prosecution and intimidation of pregnancy help organizations violates the First and Fourteenth Amendments of the United States Constitution, the New York State Constitution, and state civil rights law. Although the outcome of this case is still pending, we are trusting God for his continued protection and provision in this matter.

Financial Reports

This financial report reflects the expenses and revenue from July 2023 - June 2024

Although this year has come with many challenges, including financial, we are confident in the Lord for the future sustainability and growth of this life-saving ministry and are so grateful for those who have sacrificially supported us.

Staff & Board

Soundview is proud to be ECFA-accredited, adhering to the highest standard of financial integrity and transparency.

- Doreen Jansson, Chief Executive Officer, CCNL
- Heather Lynne Hess, Director of Operations and Finance
- Julie Fehring, Director of Development
- Faith Autero, Marketing & Communications Manager
- Nancy Serrante, Baby Bottle Drive Manager
- Dr. Stan Walker, MD, Medical Director
- Shantae Rodriguez, PA-C- NYS, Director of Medical Services
- Monet Noriega, RN, Sr. Nurse Manager/Telehealth
- Deedee Hamblen, RN, Nurse Manager
- Elizabeth Patton, RN, Nurse Manager
- Christina Kappesser, RN, Nurse Sonographer
- Rebecca Macukas, RN, Nurse Sonographer

- Katherine Juarez, RDMS
- Hannah Fava, Education Coordinator
- Hadassah Guevara, Office Administrator & Volunteer Coordinator
- Angela Bohler, Office Administrator
- Lydia Hernandez, Office Administrator
- Deborah Koprowski, LMSW, Director of Client Services
- Erin Drinkwater, LCSW, Client Services Manager
- Kerri Megna, BSW, Client Services Manager
- Christina Vaccaro, Patient Advocate
- Laura Weitzenberg, Patient Advocate

Board of Directors

- Dave Huizing, Chairman
- John Gacinski, Vice Chairman
- James Grossi, Treasurer
- Michael Montemarano, Secretary
- Linda Reuter
- Shaun Hantzschel

Acknowledgements

Our Volunteers

We want to express our heartfelt gratitude to the dedicated volunteers on our team! Their unwavering commitment and generosity of time and skills have been instrumental in bringing spiritual hope to many and helping to save children from abortion.

ProSysCon

Thank you, Carmine Inserra and the ProSysCon Team for blessing Soundview with ongoing technical support, technical education, and sound/media support for our events. We're so grateful for you!

Monthly Partners

We want to extend our sincere thanks to our monthly partners! Your consistent support and generosity is the backbone of Soundview, vital in bringing the Gospel to families and rescuing unborn lives. We truly appreciate your commitment to God's work through Soundview.
